CAREER OBJECTIVE

As a front-end developer with a solid foundation in Vue.js and a growing proficiency in both Nuxt.js and TypeScript, I am passionate about creating dynamic, responsive, and user-centric web applications. With expertise in translating detailed Figma designs into pixel-perfect code, and incorporating advanced animations, I thrive in collaborative cross-functional teams. Continuously learning and expanding my technical knowledge, I seek opportunities to contribute to innovative projects and enhance modern web development practices to deliver seamless high-performance user experiences.
